PRIMORSKIY ENTERPRISES FAIL TO FULFILL 1948 PLEDGES -- Krasnoye Znamya, No 294, 12 Dec 48

Although the 11-month gross production plan for all industry in the Kray was exceeded by 3.5 percent, November shows a considerable decrease, with the plan fulfilled only 94.2 percent. Industry in the city of Voroshilov failed to complete the November plan, and the following branches of industry continue to lag: nonferrous metallurgy, power engineering, maritime and railroad transport, trade cooperatives, and local industry.

Mines of "Kraytop" (Kray Fuel) did not complete the November plan for coal mining, enterprises of "Kraymestprom" (Kray Local Industry) and "Dal'shakhtostroy" (Far East Construction of Mine Enterprises) did not fulfill the plan for production of lime and red brick. The leather shoe combine and trade cooperatives did not complete the November plan for output of new shoes. Enterprises of the "Primorskles" (Primorskiy Timber) Trust and "Krayleszag" (Kray Logging) decreased production in November and did not complete the plan for timber transport.

Several enterprises are not fulfilling their pledges to realize above-plan profits. The large Artem Mine No 3, the Suchan Mine No 25, and others made such pledges but took no measures to fulfill them.
